THE ANGRY SEA.

By Associated Press.

POINT ARENA, Oct. 18.—Six men and two women were swept from the rocks where they sought safety and drowned after they had escaped from the wreckage of the gasoline schooner Alliance which pounded itself to pieces on Mal rocks, twelve miles north of here. Two men, H. R. Jones and Rafael Modiner were saved.

Modiner was washed ashore unconscious but later succeeded in sending a call for aid to the life saving station near here at 6 o'clock this morning, four hours after the wreck. Jones, who remained on the breaking vessel while nine others clambered to what they thought was safety on the rocks, was washed overboard and picked up after six hours by the life crew. Jones watched his companions slip from the rocks while he awaited his turn. When the vessel broke the sea sucked him over the side, he being tossed about but clinging to the wreckage.

ANOTHER KNOCK  
AT A POPULAR  
PASTIME

WASHINGTON, Oct. 18.—One more blow was struck at the popular kissing pastime by the United States public health service in a report which says that 1 per cent of all healthy persons carry diphtheria germs and which urges the avoidance of "too intimate contact."

The report is based on experiments made in Detroit, where 4,093 persons were examined. Besides the intimacy lesson, the bulletin sees in this, as in data obtained by other workers, a new reason for care of the throat and nose and early preventive measures for those suffering from sore throat and lesions.

SPEED EVENTS PROMISE  
TO BE FULL OF EXCITE-  
MENT FROM FIRST DAY  
TO THE LAST.

(From Tuesday's Daily.)

Racing promises to be the most prominent among all the amusement and entertainment features of the Northern Arizona Fair. Bangtails from all over the world will be present and with the \$2,300 in prizes besides many large side bets and private matches every moment of the track programs will be full of excitement.

Jim Wade of Albuquerque, N. M., will arrive in Prescott today with "Doctor Smoots," "Bye Rose," and the "Shrimp." The first two horses have raced all over the United States, "Doctor Smoots" having started in thirteen races this season, winning ten firsts, two seconds and being left at the post once. "Bye Rose" is a young mare that has been very successful in the past season and is exceptionally fast at any distance. "Shrimp" has raced both in this country and Europe, taking many cups and trophies in France and continuing to take the prizes since his arrival in the United States. He is a beautiful gray of the Arabian type and raced at the State Fair at Phoenix last year, winning every event in which he was entered.

"Anna Tilley," a beautiful black mare owned by A. J. Stanley of Los Angeles, is expected to make trouble for everybody. She is a \$2,500 mare and was claimed by Stanley in a \$1,000 selling race held at Reno, Nev., three months ago. During the season of 1915 she has beaten such horses as "Bally Beers," "Joe Blair," "Sweet Bait" and fields of this class, continuing her success by winning the last event at the San Francisco meet of five-eighths of a mile in 59 1-5 seconds.

"Apache Kid," the Prescott favorite which finished second in this event by a nose, is also at the fair grounds in care of Jake Cottrell, one of the best known, and one of the best trainers in Arizona. The "Kid" promises to be a strong contender for the laurels in all events from three-eighths to the longest race on the program while "Hell Bender," a local horse which is owned by Bob Shultz, a veteran horseman of Yavapai county, stands pat and is ready to be matched by his owner with any living horse for a half mile. Under the very efficient training and management of Jockey J. J. Armstrong, "Hell Bender" may find the pay station in front of the visitors which have gained fame on tracks of note all over the world.

Two Victories Are  
Of Strategic Value

SERBIAN AND GERMAN AC-  
COUNTS AGREE THAT  
TEUTONS ARE MEETING  
GREATER RESISTANCE  
THAN WAS EXPECTED.

By Associated Press.

LONDON, Oct. 18.—Reports that the Allies have occupied Strumitsa and landed at Enos, which was recently transferred from Turkish to Bulgarian rule, caused an optimistic feeling today in the allied countries. The capture of Strumitsa is of real strategic value as it permits the defense of the southern end of the railway and compels the Bulgarians to keep a force there. Enos is of value too. Occupation threatens Dedegatch, which has a great harbor, fortified and mined.

From the Serbian and German accounts it is known the Teutons are meeting greater resistance than they expected. Although it is probable the Serbians must fall back to stronger strategic positions to the north, the fact that the Allies are bringing heavy forces against the Bulgarians and so placing them that the Bulgarians will be compelled to divide their armies, gives hope in London that the Germans may be balked in their latest attempt to reach the sea and bring assistance to the Turks.

So far as learned Bulgarian forces have only reached the Zlotokopska valley, near the river Morava, north of Vranja, where they wrecked a wooden bridge near the railway. There is no confirmation of the report that they cut the railway in this district. The Bulgarian force is not large.

The Italians, according to the latest advices will not send a contingent to the Balkans, but it is expected they will co-operate with the navy in the Aegean, where the allied fleet is gathered. The point where the Russians will strike is not disclosed. It is expected the Allies will surprise the Teutons and that steps are being taken to bring Turkey to its knees before assistance arrives. Heavy fighting continues in the east and west. Neither side has attempted a general offensive.

By Associated Press.

WASHINGTON, Oct. 18.—The publication of the Frye note to Germany reveals that the United States does not regard "Opportunity to escape in lifeboats as sufficient safety to passengers and crew of American vessels destroyed while carrying contraband. The United States is on record as to the understanding that her right is not waived in the interval. PRESCOTT BOYS  
TAKE SECOND  
CONTEST

DEFEAT WINSLOW BY A  
SCORE OF 34 TO NOTH-  
ING; TEAMS TO MEET  
AGAIN ON SATURDAY.

Special to the Journal-Miner.

WINSLOW, Oct. 18.—Prescott captured its second game of the 1915 football season today by defeating the Winslow High school team by a score of 34 to 0. Although interesting and full of excitement the tussle was Prescott's all the way. Winslow playing brilliant ball during the first half with Prescott slow and stale from the stubborn fight with the Flagstaff Normal last Saturday.

With the first half ending with a score of 6 to 0 in favor of the Mile High city eleven, fear that defeat would overtake them put the old-time "pep" in the Prescott team at the opening of the second half.

Brilliant end running and forward passes with line plunges soon put the game on the safe side. Winslow fought hard all the way and sprung many surprises on Prescott, it taking thirty minutes for the visiting team to solve the Winslow High's formations.

Captain Penn starred in both the games with Flagstaff and Winslow. Touchdowns were made by Cain one, Lee Thompson one, Fred Reif one, and Leo Penn two. No Prescott player was injured in either game. At Winslow the visitors were entertained royally as well as at Flagstaff. The defeated team is full of confidence and promises to put up a winning fight next Saturday.

Next Saturday the Winslow boys will meet the local High school eleven in this city and it is expected that the fight will be a hard one as the visiting team as well as the Prescott boys will have the advantage of learning the other's weak points. If the home team sticks to the gait it has started it will very likely pull down the championship this season.

The New Program

ESTIMATE OF COMING EX-  
PENDITURES NOW TO-  
TALS \$842,000,000; TO  
DOUBLE NAVY AND  
QUADRUPLE ARMY.

By Associated Press.

WASHINGTON, Oct. 18.—The new defense program, which probably will result in the expenditure of a billion dollars in the next six years for the army and navy will be outlined in a public address by President Wilson, November 4th at the Manhattan Club in New York. The president will give the reasons which impelled his approval of plans to about double the navy and quadruple the army. The estimates of the war and navy departments have been submitted and the wide breadth of the administration's preparedness policy is being realized. The totals in new ships and increased personnel in the navy for five years will be \$500,000,000; army for the reserve and munitions for four years, \$105,000,000; new coast defenses and modernization of old forts for four years, \$81,000,000; new continental army and proposed increase in the regular army, \$26,000,000, with an increasing appropriation through the six years which will make a total at that time of \$156,000,000. MADAME, BEWARE  
OF THE BLACK  
STOCKING!

CHICAGO, Oct. 18.—Madame, beware of the black stocking! Untold physical dangers lurk along its sheer, shimmering length. Moreover, it's officially taboo this winter. This is on the authority of speakers who addressed the Fashion Art league of America at its annual banquet at the Auditorium hotel last week. There is no such thing, they declared, as a fast black. Until American dye manufacturers can produce more lasting colors, women, they warned, will do well to eschew black and all the deeper tones. And the remedy? Why, wear white ones.
